

## Elevator Pitch- Networking

Networking- The process of developing relationships with others.

Elevator Pitch/ 30 second commercial- If you were stuck in the elevator with the CEO of your dream company, what would you say?

Here are some things to consider: Greeting, Year in School, Field of Study, Experience, When you are Available, Strengths, Accomplishments , and Relevant Activities.

Do your research- Learn about your dream job, how should you dress for an interview, do you know anyone in this field that you could ask questions about? You are not asking this person to hire you but they may have a contact to add to your network.

Being prepared for opportunities is great networking!

**\*Create a Google Slide with a picture of what you would like to be wearing in the elevator with the CEO of your dream job. What would you say? You have 30 seconds to make a good impression. Type your script on the slide with the picture.**
